Instructions for the Colorado Sales Tax and Withholding Account Application

General Information

The CR 0100 is used to open a sales tax and withholding account, or to add an additional new physical location to an existing account. Please complete all the sections in the application for the applicable account type(s) needed. Colorado Department of Revenue (DOR) forms and Tax Guidance Publications referenced in this document are available on the DOR taxation website at [Tax.Colorado.gov](https://tax.colorado.gov).

Licensing and Registration Requirements and Information:

- **State Sales Tax License.** A state sales tax license is required for any person that engages in the business of selling tangible personal property at retail. Any person operating exclusively as a wholesaler may apply for a license to engage in the business of selling at wholesale. A license is not required for persons engaged exclusively in the business of selling commodities or services which are exempt from taxation.
- **State and Local Sales Tax.** Colorado has a 2.9% sales tax. Additionally, many cities and counties impose their own local sales tax on purchases and transactions within their boundaries. There are also special district taxes that apply in certain boundaries. The Department administers special districts, counties, and many cities in Colorado, but does not administer sales tax for many home-rule cities in Colorado. For a complete listing of all applicable tax rates and exemption information for state-administered local sales taxes, see “Colorado Sales/Use Tax Rates” (DR 1002) under Forms on the DOR taxation website at [Tax.Colorado.gov](https://tax.colorado.gov). The DR 1002 is revised in January and July of each year. You may also visit [Colorado.gov/Revenue/GIS](https://colorado.gov/Revenue/GIS) to find the tax rates.

Due to the complexities surrounding the laws on the collection and remittance of sales/use tax in Colorado, it is recommended that you attend a business tax class offered by the department after opening your business and/or obtaining a sales tax license. Visit [Tax.Colorado.gov/business-tax-class](https://tax.colorado.gov/business-tax-class) for class schedule and registration.

- **W-2 Withholding.** Employers are required to withhold state income tax from wages paid to all employees working in Colorado or who are Colorado residents.
- **1099 Withholding.** Under certain circumstances, payers may withhold tax on Colorado income reported on 1099 forms (example: retirement income).
- **Gaming Withholding (W2-G).** In general, any person making payment of winnings within Colorado which are subject to withholding for federal income tax must also withhold Colorado income tax.
- **Oil and Gas Withholding.** Every entity that produces or extracts oil shale or oil and gas deposits in Colorado and every first purchaser of oil shale or oil and gas produced from deposits in Colorado who disburse funds to interest owners shall withhold one percent of the gross income from the amount owed to interest owners. No withholding is required for exempt interest owners. See Severance Tax Guidance Publications – Severance Tax Withholding 4 for more information at [Tax.Colorado.gov/guidance-publications](https://tax.colorado.gov/guidance-publications).
